## **DETAILED ACTION**

### ***Claim Objections***

1. Claims 3-5, 11, 13 and 17 are objected to because of the following informalities:

Regarding claim 3, "the one or more compartments" (lines 4-5) needs to be changed to --the compartment or more compartments--.

Regarding claim 4, "the or each compartment" (line 3) needs to be changed to --the compartment or each compartment--. *See same deficiency in claim 16 (lines 2 and 3).*

Regarding claim 5, "the source and away from the at least one operator(s)" (lines 5 and 6) needs to be changed to --a source and away from at least one operator--.

Regarding claim 11, "pre-" (line 3) needs to be changed to --pre-operative decontamination--.

Regarding claim 13, "the or each decontamination room" (lines 2 and 3) needs to be changed to --the decontamination room or each decontamination room--.

Regarding claim 17, "the or each door" (line 2) needs to be changed to --the door or each door--.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 5, 18 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 5, “filtration and/or scrubbing” (line 3) is not clear. What is positively recited by “filtration and/or scrubbing”?

Regarding claim 18, “air-conditioning system and/or a waste discharge system” (lines 5 and 6) is not clear. What is positively recited by “air-conditioning system and/or a waste discharge system”? *See same deficiency in claim 20 (line 4).*

***Allowable Subject Matter***

4. Claims 1-4, 6-17 and 19 are allowed.

5. Claims 5, 18 and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office

The following is a statement of reasons for the indication of allowable subject matter:  
The recitations of the specific features of the mobile containerized autopsy facility in claim 1 including especially the construction of at least one enclosure which includes at least one seamless and sealable compartment, which compartment meets biohazard safety level 3 and 4 requirements is not taught nor is fairly suggested by the prior art of record.

6. The prior art made of record and not relied upon is considered pertinent to applicant’s disclosure.

The cited references show several other mobile facilities similar to that of the current invention.
